Re: Ordinance No. 20-2005

Dear Mayor Briggs:

On May 11, 2005, the Elk Grove City Council adopted Ordinance No. 20-2005, accepting responsibility for the operation and maintenance of all City-owned landscaped traffic medians. Accordingly, effective July 1, 2005 the Elk Grove Community Services District (CSD) will no longer provide landscaping and maintenance of City-owned medians and City-owned trail corridors and buffer lands.

To ease the City's transition into these responsibilities, the CSD is willing to contract for the maintenance of City-owned traffic medians beginning July 1, 2005 and extending to December 31, 2005. As part of the agreement, the CSD will continue to maintain City-owned traffic medians for the time period stated above, at current cost, of \$65,161.00 per month, plus time and materials for irrigation repairs. In addition, the contract should include an agreement absolving the Elk Grove Community Services District of legal liability.

Please advise if you would like to contract with the CSD to temporarily continue with maintenance of these facilities. We look forward to a smooth transition.

Sincerely,

Elliot Mulberg, President
Elk Grove Community Services District
Board of Directors
